

## Family Group Decision Making *Family & Friends Unable To Attend*

---

Understandably not everyone is able to attend the family group conference; however, I would really appreciate you being willing to share your support via e-mail. I will read in summary what you share. In the e-mail include any strengths/concerns/needs and/or ways you can be supportive to the family.

Family group conferences are held for a variety of reasons: family preservation, reunification and/or discussing permanency options if needed.

If the scheduled family group conference has the component of discussing permanency options then for our relative search records, in your e-mail also please indicate if you are a placement option for the child(ren) if needed.

Thank you,

Debbie Kasper M.S.,LPC

## Family Group Decision Making *Service Providers Unable To Attend*

---

Understandably not everyone is able to attend the family group conference; however, I would really appreciate you being willing to share your role and services via e-mail. I will read in summary what you share. Any information or ways you can be supportive to the plan through your services would be greatly appreciated. Please include any strengths and/or concerns, how often you meet, who and what services you currently provide and any recommendations.

Thank you,
